Please accept this letter on behalf of Olivet College, in support of USA Cheer's effort to add STUNT as an NCAA emerging sport. USA Cheer's initiative to place STUNT on the emerging sport list is important as it provides additional opportunities for women to participate in intercollegiate athletics and derive the important benefits from sports.

We believe that the new sport of STUNT will help colleges and universities like ours provide a valuable sport offering that will significantly expand the number of female students and student-athletes on campus. With its 36-person roster, STUNT provides universities an effective way to expand female sports participation and improve compliance with Title IX.

We are committed to adding STUNT as a varsity sport at our institution. Please see the addendum to this letter for details on our proposed implementation timeline and budget for STUNT as a varsity sport.

We fully support the efforts of USA Cheer to secure NCAA emerging sport status for STUNT and urge the Committee on Women's Athletics to approve their proposal for formal designation.

To Whom It May Concern;

Along with our letter of support for the addition of STUNT as an NCAA emerging sport, I am attaching our budget along with giving you our commitment to keep our STUNT team as part of our athletic department. We added STUNT as a varsity club sport in 2016 and will continue to support this sport in the future as we have seen a great deal of interest in participation by many students. It has been encouraging as we have seen the excitement grow around this new opportunity and it has allowed us to offer an experience for student-athletes they otherwise would not have received. Below you will find our currently outlined budget and this will continue to fluctuate as the sport and roster size grows for STUNT here at Olivet College.
