

USA Federation for Sport Cheering

BRAND BOOK | SEPTEMBER 2018

The USA Cheer brand is one of our greatest marketing assets as it represents our organization to the cheerleading community, sports industry, the International Cheer Union and the general public. Our brand represents our three primary objectives: help grow and develop interest and participation in cheer throughout the United States; promote safety and safety education for cheer in the United States; and represent the United States of America in international cheer competitions.

Approval Process

Overview

USA Cheer Brandmark

The USA Cheer logo should only be used in applications that are exclusively for USA Cheer, STUNT or the US National Team.

The USA Cheer logo is comprised of three elements: the brandmark, the USA CHEER logotype, and the descriptor. For certain applications and with approval only, these elements (brandmark and logotype) may be de-coupled and used by themselves.
