

Combine Schedule

Here's a tentative schedule of the day for you to view! If you'd like to stunt as part of your skill demonstration, please bring your current stunt group with you to create the best opportunity to showcase your skills. (All athletes must be individually registered for the event) If you cannot bring your existing stunt group, you will need to find other attendees at the clinic that you can stunt with. Some of the colleges may have their team members there and may ask some participants to stunt with them.
